BEHIND THE SCENES

DD

Devon&Devon

CREATED IN FLORENCE. INSPIRED BY THE WORLD.

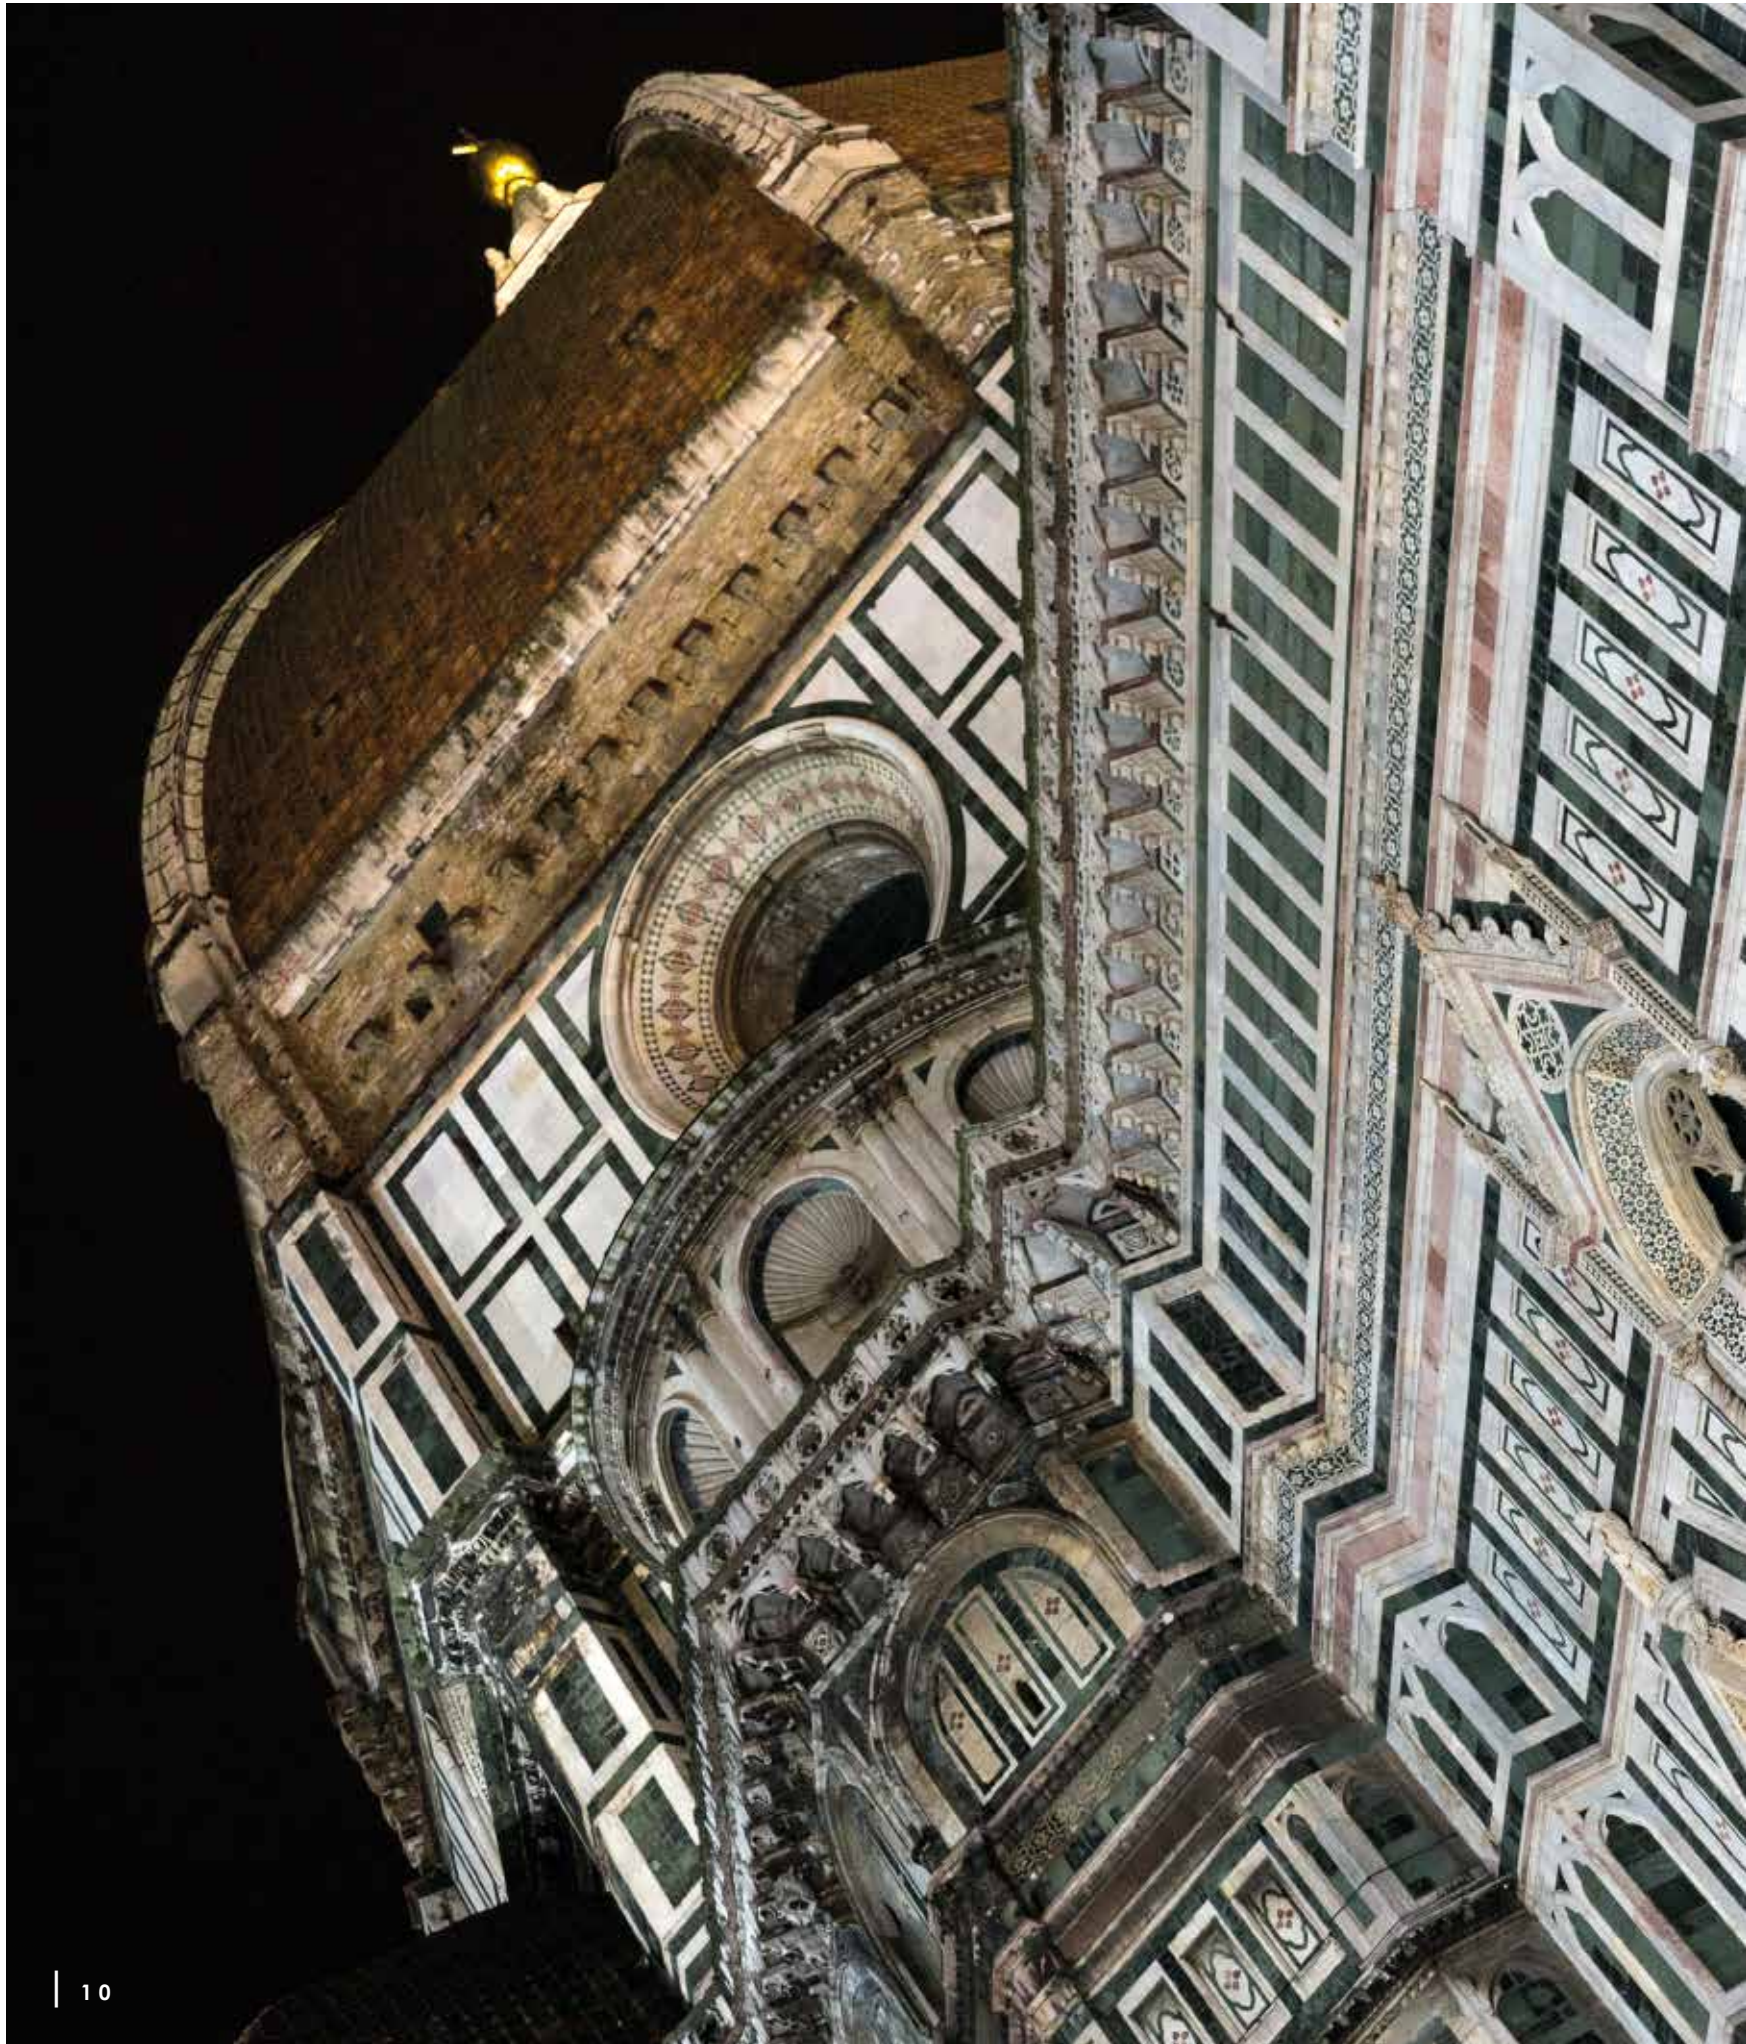

Gianni e Paola Tanini sono i fondatori di Devon&Devon.

Entrambi architetti, guidano l'azienda dal 1989, condividendo i compiti manageriali e lo sviluppo dell'azienda a livello mondiale; Gianni in qualità di AD e Paola di Art Director. La loro visione creativa e imprenditoriale è quella di proporre per la stanza da bagno una soluzione di interior decoration completa e coordinata. Insieme hanno contribuito alla crescita e al riconoscimento internazionale del brand. Oggi, infatti, Devon&Devon esporta in oltre ottanta paesi con una rete di flagship stores localizzati in alcune delle più prestigiose capitali del mondo.

Gianni and Paola Tanini are the founders of Devon&Devon. With a degree in architecture, the couple have been running the brand since 1989, sharing the managerial duties and the company's development worldwide; Gianni as the CEO and Paola as the Art Director. Their creative and entrepreneurial vision is to propose a new bathroom concept offering a complete and coordinated interior decoration solution. Together they have contributed to the growth and to the international recognition of the brand. Today, in fact, Devon&Devon exports to over eighty countries with a retail network of flagship stores located in the heart of key cities throughout the world.

CREATED IN FLORENCE

Nelle geometrie rigorose, nella sobrietà delle forme e nella selezione di colori tenui delle collezioni Devon&Devon, non è difficile scorgere Firenze come espressione del bello e di una secolare tradizione di buon gusto. Il legame dell'azienda con la città toscana è forte, intrinseco.

È a Firenze che le idee di Gianni e Paola Tanini prendono forma, è qui che ispirazioni, bozzetti, appunti di viaggio e di una vita si traducono in collezioni e pezzi unici destinati a raggiungere e ad arredare le case più belle del mondo.

Florence, an icon of beauty and the cradle of an enduring tradition of good taste, is subtly evident in the strict geometric lines, in the selection of soft colours and in the clean-cut shapes of the Devon&Devon collections.

The company has a strong, intrinsic link with this well-loved Tuscan city where the ideas of Gianni and Paola Tanini take shape, where the inspirations, sketches, and travel notes of a lifetime are transformed and embodied into collections and unique pieces destined to furnish the most beautiful houses in the world.

INSPIRED BY THE WORLD

Devon&Devon recupera originalmente e fa sue le tradizioni estetiche del passato, ne coglie il fascino ricercato e le reinterpreta secondo uno stile proprio, unico ed inconfondibile.

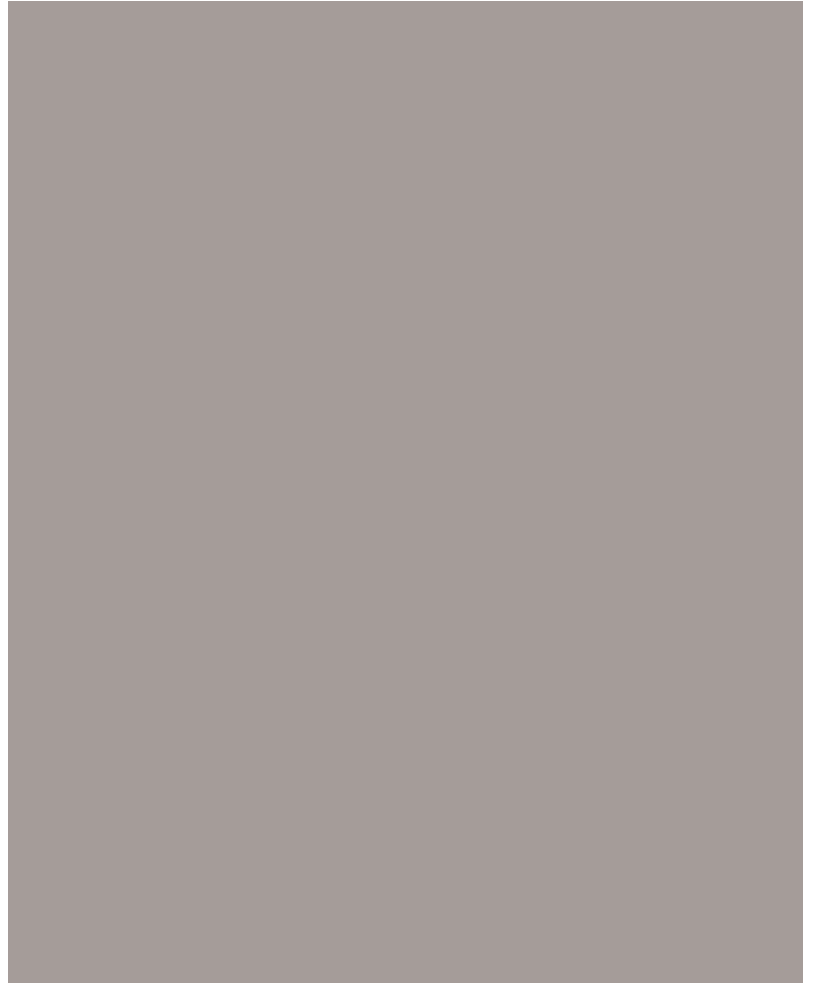

Il risultato è una sintesi eclettica di Art Déco, Belle Epoque, Età Vittoriana e Rinascimento Fiorentino, ma anche di Dolce Vita, Jazz Age e atmosfere squisitamente hollywoodiane.

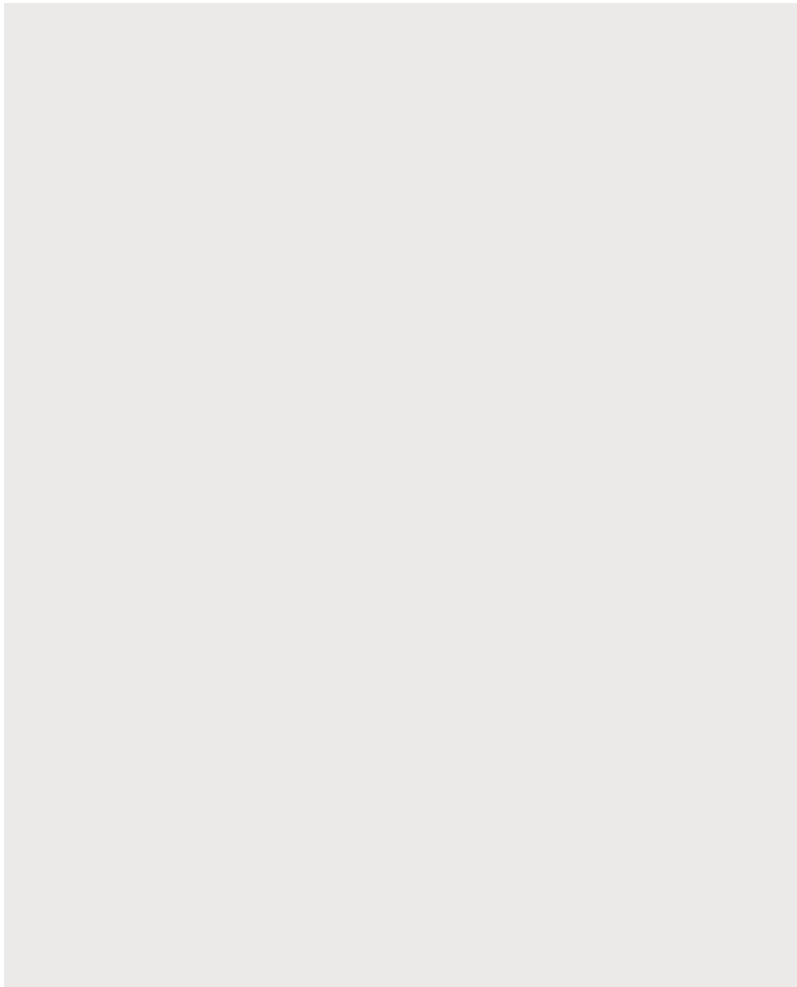

Si disegna così la stanza da bagno Devon&Devon, dal fascino sobrio, sofisticato e senza tempo.

Devon&Devon recaptures and revitalises, in an original way, the aesthetic traditions of the past, reflecting their refined fascination and interpreting these in its own, unique and unmistakable style.

The result is an eclectic synthesis of Art Deco, Belle Epoque, Victorian and Florentine Renaissance style, with inspiration from the Dolce Vita, the Jazz Age and classic Hollywood elegance.

The Devon&Devon bathroom, with its understated, sophisticated and timeless fascination, expresses the epitome of these golden eras of style.

Sono esperti artigiani di piccole unità produttive, dislocate nei migliori distretti italiani ed europei, a dar vita ogni giorno alle creazioni Devon&Devon. Il loro talento, il loro sapere, tramandato pazientemente di generazione in generazione, si traduce in una filosofia produttiva con un'assoluta vocazione alla cura del dettaglio e, più in generale, alla qualità.

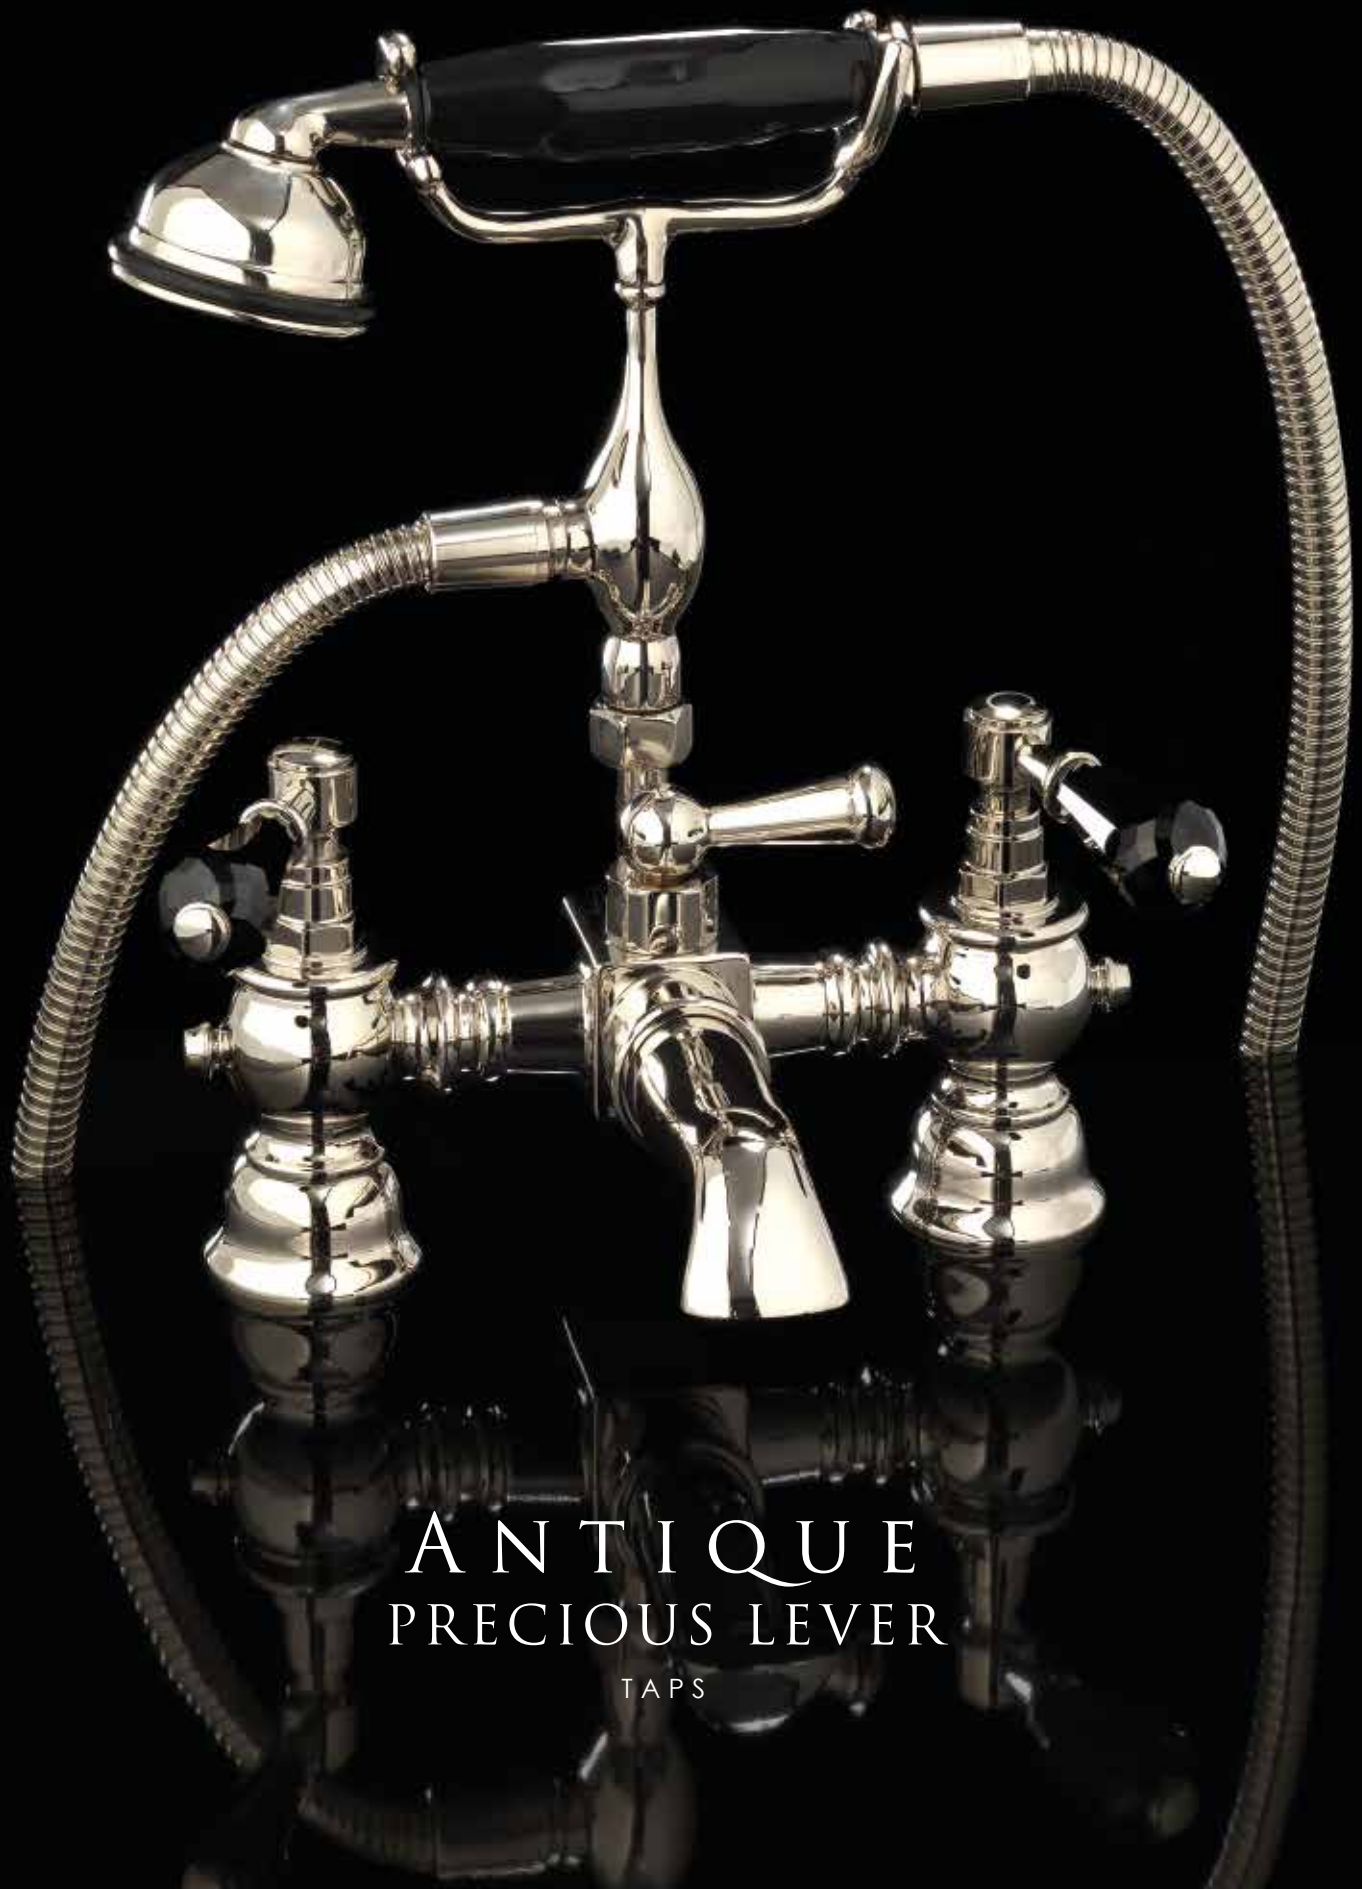

Each day, accomplished artisans in small production units, located in districts of Italy and wider Europe renowned for their skill, bring to life the creations of Devon&Devon. Their talent and expertise, handed down patiently from generation to generation, is reflected in a production policy with an unerring attention to detail and to uncompromising quality.
